LAST WEEK Dwayne Gabrielson - Getting to Know Covenant Village

After a delicious lunch, Dwayne Gabrielson and Marketing Director Karen Walker provided a brief overview of the facilities and services before we broke into small groups for tours of the campus. The tours included visits to two available apartments. Turlock is just one of the many communities around the United States

where the Covenant retirement communities are located.

A wide array of apartments are available from studios to three bedrooms. All plans include a significant one-time entry fee along with monthly payments that are adjusted annually. Once you become a resident, you can rest assured that you will never be forced to leave because you have outlived your savings. All levels of care are included and guaranteed, including independent, assisted, convalescent and nursing.

One meal per day is included in the rates with additional meals available at a nominal fee. You can select which meals each day which you wish to enjoy.

There are also a large array of facilities and activities including a computer room, pool room, fitness center, library and swimming pool. Transportation is provided for local shopping and medical appointments.
